

Executive Director of Finance

£Six Figure Package – Permanent Opportunity

Aldwyck Housing Group, based in Bedfordshire, is a successful and dynamic property group with assets in excess of £650m. This is an exciting time to join Aldwyck as it continues to grow and diversify its services.

You will be responsible to the Group Chief Executive and be a main Board Director, and key player in driving growth, strategy, cost reduction and the future success of the organisation.

As a qualified Accountant, you will have experience of working at a Senior Executive level, contributing at Board level and raising finance. You will have an excellent commercial background, capable of adding value and managing a £50m turnover business.

Social Housing experience is not required and we are keen to explore experience from other commercial sectors and welcome applicants with transferable skills.

You will be a crucial member of the Executive Team, providing sound advice and strategic guidance to the Executive and Group Boards on financial strategy, business planning and risk management.

We will also be very interested in your ability to build and maintain effective partnerships with colleagues, stakeholders and outside clients. In doing so you will develop a Finance function that is customer-facing and responsive to the needs of an ambitious organisation.
